Additional Performance Credit Calculations and Supplemental Information

Describe below the progress made in meeting your program year work plan inspection goals. You must provide quantitative results for each compliance inspection and land application goal listed in your work plan.

Priority 1 & 2 - sites that are in Shoreland or DWSMA, and site that have open lots. Construction inspections conducted as needed; construction was drafted for 5 sites this year, only one went through with building (ie. Frank sites were compliance inspections that initiated from inquiry to build). Sites over 300 AU or with P records available included the P review as indicated in priorities. Lower priority sites were not specifically targetted in 2021.
